Dr. Jaros and her staff are amazing! The ladies at the front desk are great at working with your schedule and making sure insurance is set up right for your appointment. The dental assistants are very professional and will make sure you're comfortable while they do x-rays and get impressions of your teeth. Today I saw Bailey, the dental hygienist, and she did a very thorough job cleaning my teeth. I highly recommend everyone in this office!

Best dental experience ever! Everyone in the office is friendly professional and respectful. Everything was explained to me before hand including the billing, which is quite reasonable. My cleaning was painless and thorough. I look forward to my next appointment, Excellent!  
Both my husband and I are patients from now on!

Excellent experience! I had my fillings and gum therapy done professionally and efficiently. The staff and the dentist all know their job very well and make the experience of going to a dental office very smooth and pleasant! I feel like everyone at this office really cares, and it makes a huge difference! Fancy that. 🙌

Awesome place. I have seen dentists in multiple states and this practice is by far the best! Literally the kindest people work here and it's very clear that they work well together. Dr. Jaros is super direct and helpful in explaining everything. I would have all my family members go here if they lived closer!

I would rather walk over hot coals than go to the dentist. Honestly. But Dr Jaros and her staff always make me feel comfortable. Check-in at the front desk with Tiffany was quick and friendly. Cleaning with the hygienist Bailey was painless and comfortable. Exam with Dr Jaros put me at ease. We discussed what treatment I needed and she was patient, kind and so knowledgeable. If you have to see a dentist ( and we all do at some point ) give Austin Dental Works a try. You'll be glad you did!

This place is wonderful. The entire staff is friendly and extremely knowledgeable. The tools and equipment are all modern and the office is extremely clean. I felt very comfortable right away, had a few fillings this morning and my mouth feels amazing this afternoon already.

An incredible office! Dr. Jaros is a skilled, kind dentist that has treated me with respect during every appointment. The staff are also lovely. Even more impressive is that I've never waited more than 3 minutes to see a hygienist or Dr. Jaros. I couldn't recommend Dr. Jaros and Austin Dental Works more!

I highly recommend Austin Dental Works, Dr. Jaros, and her staff. Every experience has been over the top pleasant. From first visit, to fillings (x2), to routine cleaning. They are so friendly and informative, make the whole experience comfortable, quick, and easy, and the location is bright and clean. They kind of make you feel like a celebrity lol

Everyone here is absolutely amazing. I've never been to a dentist that cared so much for their clients. I have very sensitive teeth, and the hygienist and dentist are always super caring about my needs. They have always accommodated to my tight schedule as well. The staff here always makes me feel welcomed from the moment I walk in until the moment I leave. The quality of care and expertise here is the best I've seen thus far, and I've been to MANY different dentists prior to finding Austin dental works. Overall if you're in search of a friendly and knowledgeable dentistry establishment, this is the place to go.

Outstanding experience. Communicated well for pre-appointment details - easy process to upload all the insurance / background info. Super friendly front-office staff. Hygienist was conversational and friendly. Doctor was informative and friendly as well. Very clean office. Also showed photos of the teeth on a TV screen in front of me to educate me / walk through everything going on teeth wise. Will be back!

This office is really special in the care it provides to its patients. From the very start, their New Patient form gives you the opportunity to disclose any bad experiences you've had with dentists in the past, so that they can be conscientious in providing a welcoming and safe environment for your visits. Everyone is very kind, from the desk staff, to the hygienists and Dr. Jaros herself. I was recommended this office from a friend after moving to Austin, and I'm so glad I was! It can be hard enough around here to find offices that are accepting new patients, so to find one that was able to see me right away AND provide a high standard of care was such a gift.

Anna was my hygienist today. I really appreciate that she lets me know ahead of time the area she was going to work on. She was very gentle and made sure she checked on me in sensitive areas. Dr. Jaros is great as usual. Authentically nice. I love this place. Clean, minimal, no fuss, convenient location.

Dr. Jaros was great at educating me on what I needed to know while she was providing service. I had to get several fillings done and she would explain the process, even the small details to what she was doing so I knew what was going on and the why behind it. No other dentist has been honest about the process and treated me with such care.

I've been going to Austin dental works for almost 4 years now and always get the highest level of care. I am in and out for cleanings within 30 minutes and always feel that doctor Jaros and the hygienists (which could also be an incredible band name) are honest, helpful and concise about any next steps. Couldn't be happier!

First time back at the dentist after a while and had a lovely experience with Dr. Jaros and her team. Dr. Jaros was very knowledgeable and was great at explaining everything we went through. Tiffanie at the front desk was a pleasure to talk with and helped me with understanding my insurance coverage. I'll definitely be back!

Dr. Jaros is awesome and super friendly ! Took plenty of time to answer my questions review x rays and photos and gum line recession and brushing habits and dental history. They got me in quickly for a cancelled appt by chance after new consult. I must have been lucky today! but the dental hygienist was excellent too! Great experience. Bonus points for the spa like atmosphere of a waiting room. Happy to be with a new dentist!

Dr. Jaros and her staff were so friendly and helpful. I went in with tooth pain and they quickly evaluated the situation and were able to fix it the same day. Dr. Jaros took the time to explain everything to me and checked throughout the procedure how I was doing.

Austin Dental works is a great dental office in all aspects. From the highly professional, kind and organized front desk to the skilled, caring and efficient dental staff. Dr. Jaros uses the latest technology to alleviate pain and discomfort and explains what to expect before, during and after procedures. She is ably assisted by really smart and capable dental technicians. I highly recommend using Austin Dental Works for your family's dental care.

Had my initial appointment with Dr. Jaros today and had a great experience. The staff takes photos of each tooth and Dr. Jaros reviews every single one with you! That's a lot of teeth! 😊 She is very sweet and did a very thorough job reviewing my treatment plan. Her staff was awesome too! They were able to fit me in for a cleaning today so I don't have to come back twice!
